### SUMMARY

As a quality driven, motivated and skilled web developer, my objective is to contribute my knowledge, technical expertise and creative thinking to design and develop innovative and user-friendly websites and web applications. I want to leverage my skills in HTML, CSS, JavaScript, React.js, Tailwind Bootstrap etc. to create exceptional websites and web applications. Always eager to learn and to stay updated with the latest trends, constantly up-skilling myself. I want to put my skills and knowledge to good use and deliver top notch services that ensure the company's growth as well as my own learning.

### PROJECTS

#### Portfolio Website

Made my responsive portfolio website using Next.js, Tailwind css, scss, and framer-motion.

Integrated the inbuilt from submit and mailto feature.
